

PERFORMANCE DRIVING COURSE

THE EVENT

This is an opportunity to bring your own car and drive it on a skidpan. These events are a lot of fun and very popular. The events are held once a month on a Sunday. The 4 hour session starts with half an hour of theory on Performance Driving Techniques, including Vision, Seating posture, Cornering and Braking techniques, Smooth driving and Weight transfer. You then get to put it all into practice on Motorkhana style courses. There will be two fully experienced instructors in-car to provide performance tips and answer any questions. Many participants, from new to 'seasoned' competitors have improved their driving skills and lap times.

Time: Morning session is 8.30am arrival, finishing at 12.30pm.
Afternoon session is 12.30pm arrival, finishing at 4.30pm.

Conditions: The numbers will be restricted to a maximum of 16 drivers per session, and you must pre-book. It is open to those that have a roadworthy car, have modifications they want to try out or those who just want to improve their driving skills. No special competition licence is required, just a normal drivers licence, so this is your chance! Long sleeved shirt/long pants, no loose objects in cars, have your tyres 4 – 5 psi higher than normal, and drivers must have an approved crash helmet.

Book your own event: A skidpan can be hired for a group booking morning or afternoon session. 7 – 10 people with one instructor or 11 – 16 people with two instructors. The format is the same as above.
Bookings: Phone 1300 888 987 or admin@mcmotorsport.com.au.
When booking you will need to provide the following, name, phone, email, vehicle, colour and payment method.

BOOKINGS PHONE: 1300 888 987
