# FORKLIFT OPERATOR COURSE

This course complies with the National Occupational Health and Safety Standards NOHSC: 7019 and contains the skills and knowledge required to enable participants to apply for a National Licence in High Risk Work for Forklift Operation.

## **COURSE CONTENT INCLUDES:**

- Planning the job
- Pre-operational & post operational checks
- Job hazard analysis and hazard controls
- Driving the Forklift
- Loading & unloading
- Stacking & de-stacking
- Parking & Shut down

**DURATION:** 1 day – experienced operators  
2 days – inexperienced trainees

**REQUIREMENTS:** Must be at least 18 years of age, be able to use English language to enable safe operation and communication, and have no medical or physical impairments that would affect the safe operation of a Forklift truck.

**RECOGNITION:** A Statement of Attainment for TLID 1007C – Operate a forklift will be issued on successful completion of the training and assessment.

## **LOCATION:**

RAC Driving Centre,  
46 Grogan Rd,  
Perth International Airport

Training can be conducted at  
your work site.
