# FIRST AID TRAINING COURSES

**FATE** - First Aid Training and Education offers professional and flexible First Aid Training. All courses are delivered by qualified and experienced trainers. We can deliver courses on your site or at our training facility and FATE offers the flexibility to tailor specific needs into the course.

All courses offered meet National Training Standards.

## COURSES

**Senior First Aid** – 15hrs – (HLTFA301B Apply First Aid)

Senior First Aid is a comprehensive course in essential First Aid management. Designed to provide skill in First Aid and satisfying training requirements within many work industries. Competency within this unit will allow participants to progress further within First Aid. Accreditation = 3 years

**Senior First Aid Flexible** – 7.5hrs – (HLTFA301B Apply First Aid)

The flexible learning option allows you to complete the theory component over a self-paced period of 1-2 wks. All practical skills are then completed in one day making this very suitable for businesses. Accreditation = 3 years

**Senior First Aid Refresher** – 7.5hrs – (Pre-requisite = Current Snr 1st Aid)  
(HLTFA301B Apply First Aid)

The design of this course updates and refreshes skills taught within Snr First Aid. Successful completion of the course reaccredits the Snr First Aid certificate for a further 3 years. A refresher may be undertaken only once and the original certificate must be current.

**Basic Resuscitation** – 4hrs – Accreditation = 1 year  
(HLTCPR201A Perform CPR)

A course to qualify you to perform basic life support skills. Suitable for those who require competency in resuscitation. This course also supports annual updates in CPR for Snr First Aid certification.

**Basic Workplace First Aid** – 7.5hrs – Accreditation = 3 years  
(HLTFA201A Provide Basic Emergency Life Support)

A course to develop the skills required to recognise and respond to life threatening emergencies. Participants learn Life Support skills, injury management and basic record keeping within the work environment.

**Advanced Resuscitation** – 6hrs – (Pre-requisite – Snr 1st Aid – Less than 12 months old)  
(HLTFA404A Apply Advanced Resuscitation Techniques) - Accreditation = 1 year

A course designed to cover the training necessary for First Aiders who may be required to use more Advanced Oxygen Resuscitation equipment within their workplace.

**Occupational First Aid** – 4 days – (Pre-requisite – Snr 1st Aid – Less than 12 months old)  
(HLTFA402B Apply Advanced First Aid)  
(Incorporating HLTFA404A Apply Advanced Resuscitation Techniques)  
(HLTFA403A Manage First Aid in the Workplace)

This course builds on the skills acquired in Snr First Aid. It is designed to provide trained First Aiders with more comprehensive skills to manage injuries or more complex incidents within their workplace. The training includes use of relevant equipment for competency in an industrial environment. A great all round course for personnel who have responsibility for a First Aid room or for administering First Aid at a workplace. Accreditation = 3 years

**Hazard Incident Enactments – Scenario based training (designed specifically for your work site) to include and practise your 1st Aid skills**
