

PERFORMANCE DRIVING COURSE

This is an opportunity for you to bring your own car to the skidpan.

The four hour session starts with a driver safety briefing and half an hour theory on performance driving techniques including vision, seating posture, cornering, braking techniques, smooth driving and weight transfer.

After the classroom session you will be given the opportunity to put it all into practice on AutoTest style courses. There will be fully experienced instructors in car to provide performance tips and answer any questions. This course is suitable for both beginners and 'seasoned' competitors hoping to improve their driving skills and lap times.

This event provides the perfect environment for both learning and fine tuning your performance driving skills. With only one vehicle on the circuit at a time the worry of costly issues such as stone chips and collisions associated with a race track are reduced.

Session Times

Public sessions are scheduled once monthly on a Sunday. The morning session is an 8.15am arrival for an 8.30am start and the afternoon session is a 12.15pm arrival for a 12.30pm start. Bookings must be made prior to the event. Entry will not be possible on the day of event.

Conditions of Participation

Bookings are open to anyone with a roadworthy car and the current applicable licence to drive that vehicle. No special competition licence is required.

On the day you are required to present your current drivers licence, have no loose object in your car, be wearing long sleeves and long pants & an approved crash helmet.

Book your private Performance Driving Course

Performance Driving Courses can be booked as private session, 7 days a week dependant on availability.

7-10 participants with one instructor or 11-16 people with two instructors.

For availability please call the office or email mcherry@mcmotorsport.com.au.
